

16th ANNUAL CONFERENCE PROCEEDINGS

25 JULY 2001 – Gundagai NSW

“FROM FEAST TO FAMINE – BALANCING THE PASTURE FEED SUPPLY”

Invited Papers	Author	Page
Addressing Low Productivity of Grazing Farms	D Sackett	9
Successful adoption of change in a wool enterprise	R Strong	13
Tools to help balance the pasture feed supply	G Meaker	17
Putting the tools into practice - Beef	R Purcell	22
Putting the tools into practice - Wool	C Sheahan	25
Putting the tools into practice - Lamb	AJ Lehmann	29
Benchmarking the High Performance Pasture system with producers	M Monk	32
The importance of feed quality to animal performance	H Oddy, C Allan	35
Resource Management – Managing what we have	G Houston	39
Making Better Grazing Decisions	J O’Sullivan	43
Poster papers	Author	Page
Chicory: The ‘Lucerne’ of Acid Soils	Brett Upjohn, Lori McGarva	51
Control of serrated tussock by applying flupropanate at 3- or 10-year intervals	MH Campbell, DT Vere and HI Nicol	53
Effect of lime and/or superphosphate on the profitability of a grazing enterprise	SJ Martin, KM Condon	55
Effect of lime on pH of a granite soil on the Northern Tablelands of NSW	C Harris, M Duncan	57
Estimating production risk for a grazing lease using GrassGro TM	L Salmon, R Simpson, G Burbidge, J Donnelly and A Stefanski	59
Fertilising Native Pastures	M Keys	61
Gland clover – a new insect resistant legume	BS Dear, GA Sandral, B Nutt, B Wilson, C Rodham and J Taylor	63
Grazing management and soil fertility effects on pasture quality	H Frame, L Warn , G McLarty	65
Helping graziers manage soil & landscape variability	M Keys, W Schumann	67
Lime influences pasture quality on the Northern Tablelands of NSW	C Harris, M Duncan	69
Long term lime effect on stocking rate on acid soils in South West Slopes NSW	GD Li, KR Helyar, RP Fisher, LJC Castleman, MC Wilson and MD	71

	Conyers	
Low density sowing can increase lucerne dry matter production	EA Roesner	73
Perennial grass evaluation for southern mixed farming systems	MR Norton, EA Koetz and G Stewart	75
Soil acidity and phosphorus levels of permanent pasture paddocks on the southern and central tablelands of NSW	WG Schumann	77
Soil fertility and acidification in irrigated pastures in the Upper Hunter	N Nelson, J Christie	78
Towards improving the efficiency of fertiliser use in variable landscapes	B Hackney, J Virgona	80
Urana – a new highly winter active subterranean clover	GA Sandral, BS Dear, P Nichols, B Wilson, C Rodham and J Taylor	82
USA lucerne study tour	M Lattimore	84
Weed survey of the perennial pasture one of New South Wales	J Dellow, G Wilson, W King and B Auld	86
Your pasture paddocks. How variable are they?	B Hackney, J Virgona	88
